Oh what a feeling!

It's the business.

If you're in the business of moving groups of people from A to B, then Coaster ensures everyone onboard will enjoy the ride.

Featuring a roomy 21-seat capacity, including driver, Coaster transforms a

communal road trip into a pleasant journey, right from the moment passengers step aboard through the automatic sliding door (available on Deluxe grade only).

The power door locks also make it more convenient for both the passengers and the driver when it's time to hop in or out (available on Deluxe grade only).

Coaster's sleek, timeless exterior design is built to last with anti-corrosion steel throughout, complemented by privacy glass on the large side windows, so passengers can enjoy the view without the world looking in.

And with its proven reliability and versatility, Coaster makes sound business sense when it comes to moving larger groups in comfort and safety.

Crowd-pleasing interior design.

Whether you're on a long journey or a drop-off just around the corner, the interior of Coaster is designed to make the trip as relaxing and comfortable as possible.

A high ceiling provides generous headroom and with ample space between the seats, there is plenty of welcome legroom for the passengers. All models are fitted standard with air conditioning and heating, while the Deluxe model also features large comfortable cloth seats to help ensure every journey is an enjoyable experience.

The 4-speaker MP3 compatible CD system delivers

crisp, clear sound throughout the cabin. It also features a USB input for an iPod^{®1} or USB memory stick.²

And the Public Address (PA) system and microphone come in handy when it's time to keep everyone up-to-date and informed, while Satellite Navigation³ and the reversing camera⁴ keep you on track and in full control.

Performance for the long run.

Whatever your destination, you can be sure Coaster has the power to go the distance. The 4.0 litre OHV Turbo-diesel engine produces a gutsy 110kW of power with an impressive 397Nm of torque.

You'll appreciate the power steering and tight 14.4 metre turning circle when squeezing into tight parking spaces or down narrow roads.

To help ensure the safety of all passengers onboard, every seat is fitted with a 3-point seat belt with an Emergency Locking Retractor (ELR). These will automatically lock in the event of sudden braking or a collision.

Other safety features include an Anti-lock Braking System (ABS) to help prevent wheel lock-up and skidding, plus a warning light on the dashboard to indicate if any of the doors are left ajar and a Reversing camera⁴ to give you a clear view of what would usually be out of sight.
